

Trim Size + 6mm

Trim Size + 6mm

Trim Size + 12mm

Please be aware that items on the cover that run into and over the hinge will be distorted by the binding.

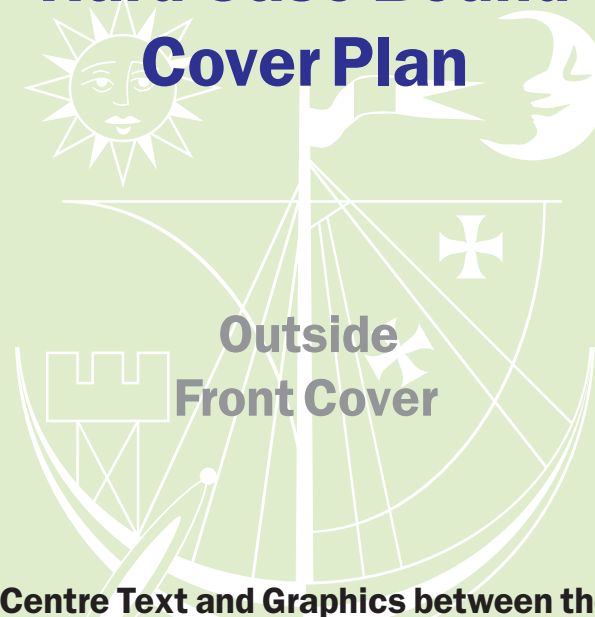

Outside  
Back Cover

The hinges will be 6mm wide starting from the edges of the spine.

Spine Width + 6mm (rounding and backing)

# Hobbs the Printers Ltd. Hard Case Bound Cover Plan

Outside  
Front Cover

Centre Text and Graphics between the edge of the spine (not the hinge!) and the fore-edge trim.

Allow 20mm bleed on all trimmed edges and place crop marks on the edge of the bleed, this ensures that the bleed adequately meets the end papers on the inside of the case and that printed crop marks are not visible

Trim edge
